

CareManager Pro

Pricing & Utilization Overview

Price is set by number licenses for "concurrent user-access" to a master database file.

We do not charge by "per-computer" install basis

Standard Single - Single-User Access - \$495.00

No restrictions on number of User setups or client case records

Annual Upgrade Protection & Support Program (UPSP) - \$125.00**

See UPSP overview on reverse

Server - Network Multi-User License Packages

Standard Pkg (3) Concurrent User Access on Network - \$1200.00

Annual Upgrade Protection & Support Program (UPSP) - \$375.00**

Premium Package = BEST VALUE

Premium Pkg (9) Concurrent User Access on Network - \$2500.00

6 additional User-licenses above the Standard Package allows you to build your practice and offers substantial savings over adding additional license purchases later

Annual Upgrade Protection & Support Program (UPSP) - 9 Users - \$750.00**

Save on Additional User Licenses on Network Packages only

☀ \$450.00 - 1st additional license ☀ \$350.00 - 2nd additional license (as bundle only)

☀ \$250.00 - for each additional license over 2nd (as bundle only)

\$125.00 per license per year for Annual Upgrade Protection and Support

not to exceed \$750.00 per year on 9 user licenses

Remote - Portable User License - \$495.00

Annual Upgrade Protection & Support Program (UPSP) \$125.00**

Provides ability to assign an off-line "portable database file" to your laptop or home desktop for "off-network" data entry of Client Billable Activities, Case / Clinical Notes and Tasks on Calendar To-Do /Scheduler and all other data modules and later "synchronize" new data, via internet (VPN) to your Server Master Database file.

Additional Database Files - \$250.00 - Set up and manage separate company clients services, i.e.:

Home Care, Companion Services, Adult Day Care, Hospice Services or Guardianship & Fiduciary Services, etc.

No need for additional software or cost of full user-license - Switch companies with a click of your mouse

QuickBooks Export Interface - \$250.00

One-time custom setup and programming - exports service billing date, providers, time duration, fees, balances and activity notes for accounting, invoicing and/or payroll

Initial Setup Assistance & Training

We guide you thru the set up of your company preferences & defaults
